## Top quality interior decorating

Your interior can be transformed with good painting and decorating. Done well, it should last for years. We provide:

- Detailed breakdown and specification, with precise estimate
- Minor building and carpentry works included
- Qualified tradesmen do the job to high standards with the minimum of fuss and disruption

We have many reviews on Checktrade and Rated People. Both sites give us some of the best scores you will find.

Our workmen have long experience with all finishes, from simple plaster and paint to delicate exotics, and they are very thorough.

We still believe in the old-fashioned way of doing things with lots of preparation and not skimping on the elbow-grease. With a good foundation the paint and finishes continue to look good for years and you should expect nothing less.

## GD Parvin quality guarantee

Before we finish a job we go through the specification line by line and check that everything is as it should be, and we make sure that our customers agree.

All our work standardly includes:

- Full preparation of ceiling and wall surfaces.
- Replastering/skimming of poor surfaces or to improve the surface finish
- Application of paints by hand (brushed where required), in a Matt, Vinyl Matt, Sheen, or Silk finish in colour of choice, or Traditional emulsion.
- Preparation and application of Decorative effects
- Preparation to wood surfaces, doors, windows, skirting boards etc, and application of primers, undercoats, and finishes in a Flat oil, Eggshell, Satin, or Gloss finish.
- High gloss or Coach finishes to Doors.
- Preparation and hanging of lining papers, or wall coverings of your choice.

## Exterior decorating that will look good for years to come

Exterior decorating needs to protect your house as well as make it look good.

Done well, you can expect years with no need to worry about woodwork.

Our decorating teams are very experienced in exterior decoration and masonry work. We use the highest quality products to ensure that whatever work that gets done lasts as long as possible - we usually recommend Dulux Weathershield or Crown Stronghold.

Where needed we arrange all scaffolding, building works and permissions.

While we have the ladders up we can take care of re-pointing, roofing repairs, and window treatments if your property needs that.

- Full external redecoration to masonry, woodwork and ironwork.
- Repair of rotted or damaged wood window and door frames.
- Locating any specialist products required.
- Plastering/rendering to prepare surfaces.
- Glazing (replacement of damaged or cracked glass).
- Scaffolding.

## Commercial and contract painting and decorating

We regularly work as contract painter/decorators with developers, architects, landlords, schools and other institutions to deliver high quality painting and decorating. We are very used to working with tight deadlines and restricted working hours and accommodating other trades where necessary.

*"I am happy to recommend G.D Parvin, Painters and Decorators. Geoff Parvin's team undertook the internal and exterior redecoration of the National Opera Studio in August 2008. The work was carried out efficiently and on time and I was happy with the quality of the work. The painters who carried out the work were conscientious and reliable and the work was well supervised by Geoff Parvin. I would be happy to use G.D. Parvin, Painters and Decorators for any decorating work in the future."* (NATIONAL OPERA STUDIO)

*"Throughout my dealings with your company I found you to be professional at all stages from initial enquiries, quoting for the work which was competitive, and the final delivery of the project. I was very happy with the standard of work that was achieved, the pre-planning and the working practices evident when on site."* (Venue Operations Manager, The Royal Horticultural Halls & Conference Centre)

We recently completed the decorating for a full refurbishment of the famous 1 Lombard Street, the Square Mile's most established restaurant and arguably it's best placed. The restaurant is sited in pole position next to Mansion House, the official residence of the Lord Mayor of the City of London, and directly opposite the Bank of England.

## About our team

We are a family-owned company, set up in 1997. We've been decorating houses and offices in and around London for more than 16 years. I'm Geoff Parvin, the big boss, and I like to keep a hands-on relationship with our clients and make sure they are always happy with our work.

My wife, Holly, keeps me under control most of the time and manages the office with an efficiency that sometimes frightens me.

Our tradesmen have mostly been with us for several years. They know their stuff and they do good work. And they put up with me, so I suppose they must be easy to get on with.

We always answer our phone, or at the worst will return your message promptly.

We're happy to have built up many clients who ask us to come back when it's time to redecorate. Our team have well over 150 years experience between them, so you can talk to them about any aspect of the work. They've never been known to turn down a cup of tea or a biscuit.

## Holly will look after you!

Holly runs the office and she's always happy to talk to you on the phone. Call her now to arrange a free quotation on any painting or decorating you need, and she will be sure to look after you well.

Whether you need just decoration, or minor building work as well, we'll offer you a competitive price for a top-quality service and finish.
